

Security advice

All of the buildings are provided with rigorous security systems, with alarms to prevent burglary, fire prevention devices. There is also a fully equipped pavilion with all of the measures to guarantee the safety of sportspeople of any age and sport, the basic requirements of Sports Tourism Destinations.

All of the installations meet the hygienic health regulations and preventive measures established by current law:

- Daily cleaning of the sports installation placing special emphasis on the wet areas, changing rooms and baths.
- The accesses to the sports installations are adapted for the disabled
- All aspects of environmental respect have been considered.
